ABOUT THE COMPANY

Electrovision Engineering & Services (Pvt.) Limited is a solution provider specializing in Electrical, Mechanical, and Power System infrastructure, offering modern turnkey engineering solutions tailored for industrial and power system needs.

Many years of industry experience - Turnkey solutions for industrial, commercial, and energy projects - Expert team of engineers and project managers

OUR MISSION

To deliver world-class mechanical and electrical contracting services through technical excellence, precision engineering, and a steadfast commitment to quality. We strive to provide reliable, efficient, and cost-effective solutions in boiler erection, power plant projects, and electrical installations, ensuring complete client satisfaction and long-term value.

OUR VISION

To be recognized as a leading and preferred partner in the mechanical and electrical contracting industry, distinguished by our engineering expertise, uncompromising quality standards, and dedication to innovation, safety, and sustainable development in the energy and infrastructure sectors.

CORE VALUES

Excellence

Upholding the highest standards of engineering and execution

Integrity

Conducting business with honesty, transparency, and accountability

Commitment

Delivering projects on time without compromising quality or safety

Innovation

Continuously improving through modern technologies and best practices

Client Focus

Building lasting relationships through trust and performance

HSE (HEALTH, SAFETY & ENVIRONMENT POLICY)

We are fully committed to achieving excellence in Health, Safety, and Environmental (HSE) performance across all our operations. Our objective is to ensure a safe, healthy, and environmentally responsible workplace for employees, clients, and stakeholders.

WE AIM TO:

- 01** Maintain a zero-incident workplace through proactive risk management
- 02** Comply with all applicable local and international HSE regulations and standards
- 03** Provide continuous training and awareness to promote a strong safety culture
- 04** Identify, assess, and mitigate risks in all project phases
- 05** Minimize environmental impact through responsible resource management and sustainable practices
- 06** Encourage accountability and participation at all levels to uphold HSE excellence

OUR PROJECTS

At Electrovision, our projects reflect our commitment to innovation, precision, and client satisfaction. We have successfully delivered a wide range of solutions across multiple industries, ensuring each project meets the highest standards of quality and performance.
